Chapter 9, Permanent Physician Licensure	01/28/08	02/27/08	6607B 6737B (A&F)	No	03/18/08	03/18/08	04/02/08	04/23/08	No	05/28/08	The Board consistently granted waivers of the seven-year requirement for applicants who have failed to successfully complete the current licensure examination series—USMLE or COMLEX—within a seven-year period when the applicant is otherwise qualified. The Board is proposing amendments so that applicants who pass the USMLE or COMLEX series within ten years no longer must file an application for a waiver. Item 2 also requires that anyone taking more than ten years to pass the COMLEX series must be board certified by the American Board of Medical Specialties or the American Osteopathic Association in order to be considered for licensure in Iowa. This is a similar requirement to that which is already required of those taking ten years to pass the USMLE series.

A similar amendment was adopted earlier this year but the Board overlooked updating a second paragraph with the requirement.
